#### **DATATHON – 2025**

**DATE OF EVENT:** 12<sup>th</sup> and 13<sup>th</sup> September 2025

**NAME OF EVENT:** Datathon 2025

**NUMBER OF PARTICIPANTS / BENEFICIARIES:** 22 Teams (approx. 80+ students)

**JUDGES:**

- *Jayesh Jain, Senior Data Engineer*
- *Adil Kampo, Co-Founder of Heuristic Academy.*

**OBJECTIVES OF THE PROGRAM**

- To provide students with hands-on experience in solving real-world problems using data analytics.
- To encourage teamwork, problem-solving, and critical thinking skills in a competitive environment.
- To expose students to technical sessions by industry/academic experts for better understanding of data-driven decision-making.
- To promote awareness of ethical use of AI and responsible data handling.

**BRIEF REPORT OF THE ACTIVITY**

Datathon 2025, organized by the Department of Data Science and Business Analytics, School of Applied Sciences, HSNC University, commenced on 12th September with the registration and assembly of participants in the auditorium. The event began with the national anthem and lamp lighting, followed by an inspiring address by Prof. Tejashree V. Shanbhag. Participants were then guided to their assigned venues – Learning Halls 502 and 503 – as per their CL numbers, where they were briefed about rules, regulations, and prerequisites. A total of 22 teams participated.

On Day 1, students worked on their problem statements, focusing on data cleaning, analysis, and visualization. Technical volunteers monitored participants to ensure fairness and prevent unauthorized use of AI tools. The first day concluded with teams making significant progress on their tasks.

On Day 2 (13th September), participants resumed their analysis and prepared final outputs. The event then proceeded with team presentations, where judges engaged in interactive Q&A sessions to evaluate the solutions. The event concluded with the felicitation of winners and the closing ceremony.

**OUTCOME OF THE PROGRAM**

- Students gained practical exposure to real-world datasets and problem-solving.
- Participants developed skills in teamwork and time-bound project execution.
- The competition encouraged ethical practices by regulating AI usage.
- Judges' feedback provided valuable insights to participants.
- The event concluded with recognition of top-performing teams, motivating students further.
